Name: Tony Chou(周君恆)

Date of Birth: 1995/06/13

Marital Status: Unmarried

Gender: Male

Education:

2013/09 — 2017/06 **Asia-Pacific Institute of Creativity University**
Bachelor's degree of Digital Technology Design

Language: Mandarin: Native (Traditional Chinese)
English: Intermediate

Skills: Word/ Excel / PowerPoint

Highlight:

✓He is suitable for the Assistant Engineer role because of his attention to detail, problem-solving skills, and in-depth understanding of technical processes.

✓His ability to identify and troubleshoot issues ensures high-quality product performance and reliability.

Experience:

2023/03 — 2024/07 **Fubon Life Insurance - Operations Management Department**
(Adecco Staffing)
Maintenance Assistant

Responsible :

✓Through the SCOM system, he identified resource shortages in the environment and assisted the service provider in adjusting relevant resources, thereby improving daily system maintenance and report generation.

✓Responsible for part of the APM/OPM monitoring, using nGenius One & Pulse to inspect network traffic and line status across various buildings.

✓ Produce daily AS400 host performance daily reports, process demand orders in accordance with SOP, and complete tasks assigned by supervisors

Reason for resignation:

Because he needed to take care of his family, he returned to Hsinchu from Taipei and started looking for a job here.

2021/11 — 2023/02

LantroVision (Taiwan)

Remote Hand & Project Engineer

Responsible :

- ✓ Assisted the project manager in setting up new ServerRack and handled client requests on construction sites.
- ✓ Assisted the project manager in handling construction drawings and supplementary documents.
- ✓ Provided remote support to clients for equipment configuration and network patching.

Reason for resignation:

He suddenly had to work overtime during the holidays, which affects his study time.

2020/08 — 2021/02

Wistron Corporation

Product Tester

Responsible :

- ✓ Tested the I/O ports of various monitor brands for compliance, conducted comparisons, and performed analysis.
- ✓ Checked whether the built-in functions and modes of various laptop types were functioning correctly and prepared inspection reports.
- ✓ Conducted compatibility testing for our own products.

Reason for resignation:

Due to the transfer of the department to China for testing, the position was terminated.

2019/03 — 2020/06

ITE Tech. Inc.

Test Assistant Engineer

Responsible :

- ✓ Assisted engineers in testing the yield rate of ICs using screens.
- ✓ Soldered ICs, resistors, and capacitors onto the circuit board.
- ✓ Performed high-temperature testing of ICs, and program the code and key.

Reason for resignation:

Long hours of soldering electronic components had impacted his health; thus, he considered working on a different job.

2018/01 — 2018/09

Kingston Technology Corporation

Operator

Responsible :

- ✓ Yield testing of memory.
- ✓ Assembly of electronic products.
- ✓ Package products for shipment.

Reason for resignation:

He would like to explore new career paths and challenges.
